

Online Payment Forms Made Easy

In today's digital world, providing parents, alumni, friends, and community members with a convenient, secure way to make online payments is essential. CampusPay® makes this easy by enabling schools to create fully customized, branded payment forms that match the look and feel of your school's website and payment gateway—without the need for technical expertise.

With intuitive drag-and-drop tools, these forms can be designed in minutes, streamlining your payment collection for tuition, fundraising, events, and more, all while maintaining your school's unique identity. CampusPay's simple setup reduces the time spent on administrative tasks and enhances the payment experience for everyone involved.

“The first year we used CampusPay for our annual drive, we increased donations fivefold over the previous year.

— George Hayes,
Director of Development
